SIX MILE RANCH
BULL SALE

SATURDAY APRIL 4, 2020 · AT THE RANCH, FIR MOUNTAIN, SK

6M Welcome TO SIX MILE AND OUR 45TH ANNUAL BULL SALE

45 years of bull sales! Wow.... What an honor to welcome you to this bull sale. We know you have many options when choosing a herd bull - so we sincerely appreciate you considering a SIX MILE BULL.

Let's talk about CHANGE. There have been a lot of changes at Six Mile in the last few years. But in the words of Socrates "The secret to change is not to focus all of your energy on fighting the old, but on building the new". And that is exactly what we are doing here at Six Mile, as we work hard to build the success of not only our operation, but also the success of our customers.

We have changed the date of our bull sale this year, as we had repeated requests from our customers to do so. In making this change we unfortunately lost some valued sale staff that we appreciate immensely; Mark Stock, Donnie Peacock and Nathan Marin. We hope to be able to work together in the future.

Walter and Rosemary; the MVP's of Six Mile; retired after 24+ years of unwavering dedication. Well..... Walter semi- retired and we are truly blessed that his advice and help is only a call away.

This is the first time I have not taken the lead on the bull sale catalog. This catalog is the result of Callie and Tyson's work ethic and dedication – from pictures right through to footnotes. I could not be prouder of these two as they continue to move into leadership roles here at Six Mile.

With all of these changes one thing remains firmly the same - Our commitment to producing a top-quality product and backing it up with unparalleled customer service. Visitors that have toured the sale bulls have commented that it is our most consistent group of quality bulls to date. Bulls that can lead the breed and your program into the future with confidence. Bulls will sell within all budgets and criteria of your program – we look forward to your appraisal.

Our ranch team is such a great asset. Thank You to Waylon, Ty Ty, Walter, Sebastien, Rae and Carson. Our sons, Cade and Coy also lend a hand whenever needed. You are all incredibly valuable to our success. We must also Thank Rick and Mary Hertz who are always willing to jump in and help – even when it means fighting the Six Mile Flu!

Clayton and I are really digging this grandparent gig and don't mind sharing boss duties with our little granddaughter, Ms Sloane. Her arrival has given us renewed vision and determination to ensure that the ranch is here for her, and future generations. This mission drives us to produce a product that is worthy of you, the customer – the most integral part of our program. We need and want your feedback, so reach out to us anytime with your insights as we strive to improve our product.

We look forward to working with you. Please feel free to contact any of us, or our sale staff if you need assistance adding a Six Mile bull to your program.

On behalf of everyone at Six Mile and With Highest Regard,

Clayton and Corinne

GENERAL SALE INFO

SIGHT UNSEEN PURCHASES If you are interested in purchasing a bull, but cannot make it to the sale, please contact Clayton or Corinne Gibson or Tyson Hertz preferably 48 hours prior to sale day. We will discuss your needs and come up with a list of bulls that will work for you. On sale day we will endeavor to buy bulls on your behalf. Your order will be held in strictest confidence. Your **SATISFACTION** is 100% guaranteed when you have discussed your order with any of the Six Mile ranch team prior to purchase.

VOLUME DISCOUNTS We are able to fill your needs whether you need one or a trailer load of bulls this year. We are pleased to offer the following discounts to those needing multiple bulls:

- 3 – 4 bulls 3% discount
- 5- 9 bulls 5% discount
- 10 or more bulls 10% discount

This discount will only apply to bulls that are paid for in full on sale day. Absentee buyers will have a 14 day extension for their discounts. Partnership bulls will not apply.

ACCOMODATIONS

Calving Ease Guide

Every year the most frequent question we receive is which bull will work on heifers. Well.....only you know your heifers and must consider breed composition and hybrid vigor - but we try our very best to evaluate each bull to assist you. We developed the following guideline for calving ease by evaluating many traits in making our recommendations:

- actual birth weight
- birth weight EPD
- Calving Ease and Maternal Calving Ease
- Dam's past birth weight and calving records on progeny
- Sire's birth weight and calving tendencies
- Bulls physical attributes.

This Calving Ease Guide is our most accurate prediction based on the above mentioned criteria.

Calving Ease 1 Cow Bull - Recommended for mature females only. Not recommended for heifers.

Calving Ease 2 Recommended for use on larger, well grown heifers only, expect to assist some normal births from first calf heifers.

Calving Ease 3 Recommended for heifers, easy calving with minimal assistance on normal births

Calving Ease 4 Highly recommended for heifers, expect little to no assistance on normal births

A Note about EPDs

CAA Average Black EPDs for all calves born in 2019, CAA Average Red EPDs for all calves born in 2019

BW	WW	YW	Milk	TM	SC	CED	CEM	Marb	REA	FAT	CW

The EPD's you find in this catalog are the product of Canadian AngusONE Genetic Evaluation. These EPD's are calculated in partnership with the American Black Angus Association. The aim of this brand new system is to eventually make ALL ANGUS in Canada- red and black- comparable with each other, as well as U.S. Black Angus cattle.

We also listed BOLT EPD's on a few select Red Angus bulls. These EPD's are generated by the Red Angus Association of America. AngusONE and BOLT EPD's can not be compared to each other. WE will have all BOLT EPD's for the Red Angus Bulls listed on our website and available to be sent at anytime, please just ask.

A Note about Weaning and Adjusted Weights

BW – Actual Birth Weight WW – Weaning weight adjusted to 205 days YW – Yearling weight adjusted to 365 days

This year our weaning weights are up from previous years. Besides the fact that this group of bulls are solid performers, there are a couple other factors that contributed to this increased adjusted weaning weight:

- We decided to creep feed our bull calves again this year, which makes a difference to our weaning weights.
- We weaned our bull calves earlier, which means most of the weaning weights are adjusted up as they were weaned before they were 205 days of age.
- Please note that weights on younger, later born bulls tend to adjust a bit higher than their contemporaries born earlier and weighed for weaning closer to 205 days of age.

We want to make sure our customers are informed about all the conditions that resulted in our weights.

Bull Development

We are extremely proud to have worked with the Six Mile team and put together a nutrition program that resulted in the bulls that you see presented to you in this catalogue. A feeding program for breeding bulls is very similar to many other facets of a purebred operation; attention to detail will always show in the end. This program is a heavy forage/fiber and low concentrate mix to ensure that the bulls developed a strong skeleton and lean muscle for increased lifetime longevity. These bulls have been fed a blend of barley silage, greenfeed, alfalfa hay and straw balanced with a customized supplement pellet formulated to meet the requirements of these high quality bulls.

Additionally, the on farm environment ensures that these bulls are ready to go out and work. Anyone who has toured the Six Mile bull pen can attest to the spacious pen size that these bulls are housed in throughout the winter. Every day bulls are required to walk a significant distance for food and water, and then return back to their bed pack. This daily exercise routine, paired with adequate protein in the ration is what develops the lean muscle you see in these bulls.

If you have any questions about the nutrition that got these bulls where they are today, don't hesitate to contact me!

Walter and Rosemary, so much of our success at Six Mile Ranch is because of your dedication and work ethic. Thank you will never be enough for everything you have taught us over the many years. You will be with us like a handprint on our hearts forever.

Love your Six Mile Family

We'd like to wish Walter and Rosie the best in their retirement.
We are so lucky that you are only a call away!

Reference Sire

CIH's first calf crop exceeded all expectations! Heifer calves topped the revamped Red Round-Up Sale last October and these sons are the most consistent sire group in the Six Mile pen. His semen commanded \$400+/unit. CIH brings outcross genetics, increased foot quality, ease of flesh and stout made calves with added maternal merit.

Reference Sire

Our largest sire group offering in the sale and what an impressive set! Great footed, excellent hair, low birth to explosive grow and the daughters are simply stunning; moderate, tanky, perfect teat size and placement. You can't go wrong with a Diesel son! Diesel is the real deal – both physically and numerically. His EPD tabulation is at the top of the breed, including his carcass numbers, making him a breed leader in many ways.

- curious and docile demeanor, proven maternal pedigree, huge BW to YW spread
- Lady 735A is a never-miss cow for us, who is near and dear to our hearts as she was a long time show cow for Coy and the Smith kids of Breed Creek. Lady continually injects power and docility into her calves.
- **Calving Ease 3-4**
- **Dam's Average Wean Index 108 (5 calves)**

Dam - Lady 735A

Maternal Brother - Final Countdown 66F

Dam - Blackbird 149B

- flashy profile, sure fire calving ease, shapely design
- Blackbird 149B is a designated Premier Dam with the Canadian Angus as of this year. 149B is a feminine, sound uddered, eye appealing Justified daughter who continually injects that same eye appeal into her calves. One daughter was a feature in Genetic Focus 2017 going to Hollinger Land and Cattle and Dusty Rose Cattle for \$15,000. Another daughter has been retained in herd (dam of Lot 127). Sons have sold to Richard Rieder and Kelly Cutler.

BREEDING SEASON WARRANTY PROGRAM

Our warranty program is in its second year and was developed to help you protect your investment at a reasonable rate. Under our warranty program your bull is covered for injury, sickness, accident, disease fertility, structural breakdown or death. Should such a problem arise - We will service your needs with another bull or a credit will be given to next year's sale. With calving 700 Purebred cows - it allows us to keep bulls of high quality out of the sale and ready for this reason.

We offer the following options that are required to be paid the day of the sale. Callie Hertz will be available to discuss the program with you.

OPTIONS:

Duration: 2 MONTHS..... 3 % - we strongly suggest this coverage for bull that will not be going home the day of the sale.

Duration: 6 MONTHS..... 6%

Duration: 12 MONTHS..... 10%

Duration : 12 MONTHS..... 12 % with Comprehensive Infertility which includes failing subsequent semen tests and will not recover, frozen testicles and testicular degeneration.

If you should have any problems with a bull you must immediately contact Six Mile Ranch directly at sixmile@sasktel.net or 306-266-4895 or Callie Hertz at 306-640-9275. We will require that your veterinarian complete a report and fax or email it to Six Mile Ranch. If the animal dies, a post mortem report will be required. Six Mile has the right to request another veterinarian complete a second report at their discretion and cost.

EXCLUSION TO WARRANTY:

Six Mile will not warranty any injury or death due to malicious, willful or intentional acts or mistreatment.

Parabellum is unique in every way. The only word we can use to describe him is "OUTLIER".

This dark red, April born calf carries his heavy construction on an impeccable foot, and his added presence and style only make him even more of a stand out. Finally, a young sire that truly combines phenotype and genotype, as he sports an impressive EPD profile in both the Canadian, and American database.

Parabellum represents the first calf crop from the \$114,000 valued, John Wick, that we own with Niobrara Red Angus of Nebraska. His dam, Kuruba 712A is a "CAA Elite" dam posting an average wean index of 111. She is a powerful herd bull producer that will enter our donor pen this spring.

Owned with: Rosebud Cattle and Robinson Cattle Co.

Spring Bull Calf Champion Denver 2020

BIDDING: Each animal will be sold to the highest bidder whenever there are two or more bids. The auctioneer will settle any disputes. **TERMS:** The terms of the sale are cash. The right of property shall not pass until after the settlement is made. All settlements will be made with the clerks of the sale immediately following the conclusion of the sale and before any cattle will be released from the ranch. Financing terms are available if prior arrangements are made with Clayton and Corrine. **PURCHASER'S RISK:** Each animal becomes the risk of the purchaser as soon as sold. Cattle will be kept free of charge until May 1, 2019, when they are to be picked up or delivered. We strongly urge the buyer to insure any bulls left, as they are yours when the hammer falls. **DELIVERY:** We offer free delivery of your bull(s) to central locations in Canada and the United States up to 500 miles. Free delivery applies to purchases of \$5,000 or more. Purchases below \$5,000 will be delivered at cost. If you choose to haul your own bull, and take him within 5 days of the sale, we will deduct \$100 from the purchase price of each bull. **INSURANCE:** A Livestock Insurance Agent will be present to care for the insuring of cattle. **CERTIFICATE OF REGISTRY:** A certificate of registry and transfer will be furnished on all cattle sold as registered animals. **ANNOUNCEMENT:** Changes of information contained in this catalogue relating to the animals offered for sale will be announced from the auction box and such announcements shall take precedence over the printed matter in this catalogue. **BREEDERS GUARANTEE:** Six Mile Red Angus guarantees to sell you a bull that has passed a semen test and breeding soundness evaluation completed by a qualified, licensed veterinarian. However, should a problem arise, please let us know so arrangements can be made without delay. Should your bull fail to be a satisfactory breeder - as agreed upon by buyer and seller - he will be replaced with a bull of equal value. Should this not be possible, an adjustment will be made to reflect the value of the bull in question, or a credit given towards the purchase of another bull. Six Mile keeps bulls out of the sale for this sole purpose. Yearling bulls shall be guaranteed breeders for no more than 20 females. AGAIN, each bull as passed a semen evaluation, however, it is the buyer's responsibility to make sure that your new bull can physically service a female and is able to settle them. In the rare case he is not working, please let us know ASAP and we will be happy to rectify the matter. We will however, not provide replacement or adjustment for physical injury or mismanagement. Bearing this in mind, we stress the important of insurance on your bull. At no time shall the seller's liability exceed the purchase price of the bull. In the event of any unlikely dispute the standard terms and conditions of the Canadian Angus Association will apply. **IDENTIFICATION:** Each purebred animal carries a readable tattoo. **LIABILITY:** Although every precaution will be taken to protect the safety and comfort of the buyer, neither owners, sale manager, clerks or anyone connected with the sales assumes any responsibility, legal or otherwise, for damage of any kind. **HEALTH STATUS:** All Six Mile bulls have been vaccinated with Express 5 vaccine which includes IBR, PI-3, BVD - type 1 and 2 and BRSV. They have also been vaccinated with a somnugen and black leg vaccine. Each bull has been treated with Ivomec. **US FUNDS & EXPORT:** American money will be accepted at the most current rate of exchange on sale day and announced prior to the sale. Bulls will be export tested at Six Mile's expense and delivered as soon as possible following the sale. **RIGHT TO DRAW SEMEN:** SIX MILE RED ANGUS reserves the right to draw 100 straws of semen for within herd use from any bull sold in the Sale. To be done at Six Mile's expense and Buyer's convenience. DNA **TESTING:** Any bull sold needing DNA testing will be done by Six Mile provided the bull remains at Six Mile after the sale. Please inform the sales clerk at time of settlement. **SIGHT UNSEEN PURCHASES AND GUARANTEE:** If you are unable to attend our sale, but are interested in our bulls - We can take an order on any of the bulls in the sale. Our sales consultants can also help you make selections. Give Clayton or Corinne a call to ensure the bulls you (or our sale consultants) have selected are ones we feel will work for you. If you have discussed your selections with Clayton or Corinne prior to the sale, your satisfaction is 100% guaranteed. When the bull is delivered to you, you are under no obligation to take him should he not meet your needs.
